

“Manufacturing custom engineered rubber & plastic moulded parts since 1986.”

Ω *Libra Industries*
www.libraindustries.in

About Us

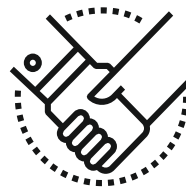

We are manufacturers of MOULDED RUBBER & PLASTIC COMPONENTS. We have with us a comprehensive set up which enables us to undertake & execute, successfully & accurately all requirements of rubber & plastic moulded components. Our range of products in rubber includes various types of "O" rings, Oil Seals, Gaskets, Washers, Metal bonded & reinforced components, Chevron packings, Bushes ,Rollers etc. in polymers such as Natural Rubber, Nitrile, Neoprene, EPDM, Sillicon, Viton etc.& in Plastic moulding we use all types of plastics including engineering plastics like Nylon, Delrin Cellulose Accetate, PBT etc.

STATE OF ART MACHINERY

State of Art Machinery and enviabe setup at our manufacturing setup makes us one of the most sought after manufacturing partner

SKILLED WORKFORCE

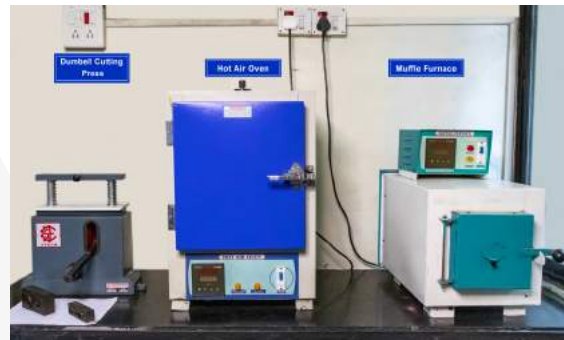

Ingeniously trained, experienced workforce is the backbone of our manufacturing setup. Our workforce drives our machinery and our growth

IN-HOUSE LABORATORY

In-house well equipped laboratory and trained professionals helps to maintain desired quality and reduces time to market of the product.

Infrastructure

Ingeniously designed workflow and strategically placed machinery and equipments not only assure quality but also ensure faster manufacturing and reduced wastage leading to cost and resource optimization. With years of experience and state-of-art machinery Libra Industries is equipped to craft complex products with superb quality in minimum possible time and resources.

✓ MACHINERY

Investing in State-of-art machinery and proactive maintenance have always been the prime focus for Libra Industries. High Quality and well maintained machinery always produce quality products with least defects. Deep knowledge and in-house expertise about machinery also helps Libra industries to reduce downtime and corrects errors in early stages of the product life-cycle, resulting in consistent high quality production.

✓ WORKFORCE

Ensuring workforce is motivated has been vital to the long-term success of Libra Industries. Our highly skilled and experienced workforce is been consistently producing a large amount of quality products over a long period of time and leading to lowering unit costs for our valued customers. With time we have achieved an optimal balance of specialised skilled and multi-skilled workforce which helps us boast our capabilities of producing complex products with ease.

✓ LABORATORY

Our design and testing laboratory is testimony to our commitment to the highest level of product quality and customer satisfaction. Upon request, Libra Industries can customize a quality program to meet the specific testing requirements of our clients. We also consistently benchmark test results from our labs with external third party labs to audit and check our testing and laboratory processes and results. Following Standard Operating Procedures in Laboratory ensures excellent product quality which our clients can rely on.

Product Portfolio

✓ METAL TO RUBBER BONDED PARTS

With advanced and agile processing line, we have been the trusted supplier of rubber to metal bonded parts.

✓ RUBBER & PLASTIC INJECTION MOULDING

Injection moulding with more than 400+ rubber and plastic components is our expertise.

✓ CUSTOM MOULDED PARTS

Customizing according to your specifications in minimum time is our speciality.

Manufacturing Facilities

MACHINERY	CAPACITY	MAKE	QUANTITY
Rubber Kneader	30 Ltr	Interplast	1 No.
Rubber Mixing Mill (25kg. Batch Capacity)	12" X 30"	Modern	1 No.
Rubber Extuder	2"	Indimech	1 No.
Rubber Injection Moulding Machine	50 T, 330 CC	DESMA	10 Nos.
Rubber Injection Moulding Machine	250 T, 1000 CC	DESMA	1 No.
Fully Auto Plastic Injection Moulding Machine	100 T, 294gms.shot weight	L&T Demag	1 No.
Fully Auto Plastic Injection Moulding Machine	60 T, 153gms.shot weight	L&T Demag	1 No.
Fully Auto Rubber Moulding Twin Press	14" X 14"	Indimech	1 No.
Fully Auto Rubber Moulding Twin Press	12" X 12"	Bharaj	1 No.
Fully Auto Rubber Moulding Press	50 T 320 X 400mm	TOPSONN	2 Nos.
Fully Auto Rubber Moulding Press	50 T 320 X 400mm	Unimech	3 Nos.
Rubber Deflashing Machine			1 No.
Deflashing Centres			6 Nos.
Oven for post curing			1 No.
Preheating Oven			1 No.
Buffing Machine			1 No.

Laboratory Equipments

Rheometer | Micro Vision | 01 No.

Tensile Testing Machine | Systems & Controls | 01 No.

Aging Test Oven | Labline | 01 Nos.

Muffle Furnace | Labline | 01 Nos.

Specific Gravity Apparatus | 01 Nos.

Compression Set Apparatus | 01 Nos.

Hardness Tester | Bluestar | 02 Nos.

Thickness Guage | Baker | 01 Nos.

Digital vernier | 01 No.

Micro Meter | 01 No.

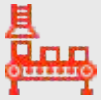

Why Choose Us?

To increase productivity and cost effectiveness in the market.

QUALITY

Our reputation for exceeding the highest quality standards is precisely why our customers choose us, and choose to stay with us.

RELIABILITY

At Libra Industries we take pride in delivering your ordered stock on time and in solid condition with highest quality. As a customer you can rely on us.

EXPERIENCE

Our extensive experience in manufacturing complex products means we will handle every detail so that your product will be delivered on time and on budget.

CAPABILITY

Our manufacturing setup is equipped with the state-of-art machinery and equipments, enabling us to deliver high-quality products every time.
